- 1 – 4-day Defensive Handgun Course
- 1 – 4-day Handgun Rental
- 1 – 2-magazine Machine Gun Shoot

Value and Description

4-day Defensive Handgun Course - \$2,000

This fast paced and exciting course is for everyone that wants a complete understanding of the defensive handgun and a skill level that surpasses 95% of those who carry a gun for a living.

Regardless of your experience prior to entering this course, upon completion, your gun handling, marksmanship, and tactical skills will be better than they have ever been and you will be able to safely and easily draw your weapon from a concealed holster and fire two, sighted shots to the center of a target 5 yards away – all in under 1.5 seconds!

You will understand the principles of tactics and have multiple opportunities to use your acquired skills under the stress of simulated, lethal encounters. 800 rounds of ammunition required. Children age 10 and under are not allowed. Special considerations ages 11-17.

Handgun Rental - \$120

If you do not already have a handgun, or do not wish to travel with yours, you can use this to have a gun, holster, belt, red gun, magazines, magazine loader for your class. You still need to provide Electronic Hearing Protection.

Machine Gun Shoot - \$40

At lunch on the first day of your class you report to range 2 and select to shoot an Uzi, M-16, M4 or Thompson (or All Of Them!) fully automatic rifle. This certificate gives you two magazines of ammunition to shoot just as fast as you wish. Of course, you can purchase as many more magazines of ammo as you wish!! For whatever the going price is that day. It really is a hoot!

How to redeem your prize

You must first register yourself at <https://myfrontsight.com> by supplying your name, email, date of birth and phone number. Once you have your user name, send an email to ccw@freeconcealedcarry.org, include your Front Sight user name, and the certificates will be transferred into your account. You will also get a PDF form by Reply email that must be filled out with a non-relative character witness. You must then follow the rules for scheduling a class and getting the required background check (\$50), as Front Sight does not allow individuals not allowed to purchase a firearm to take their classes. All this work will take a few weeks, and you must schedule your class a minimum of two weeks in advance. If you have any questions, send an email to the address above and I will walk you through the process.

If you need additional certificates, say for your spouse, children, grandchildren, great grandchildren; please contact us at the email address above for a very special price.

Thanks for playing.
